

The 92nd Civil Support Team (WMD)

Cordially invites you to our

OPEN HOUSE 2010

The 92nd Civil Support Team

The CST is a full time (active duty) Nevada National Guard WMD response unit. We are federally funded, but State controlled. We can support local civilian agencies without a FEMA mission assignment number. In other words, we can help you for free! We were created to help support your success – and have been doing it for 6 years now!

Exercise Opportunities:

We average one major exercise every month. Since the CST is set up to support your agency, we want you involved! What tasks have you wanted to test and evaluate? Are there some gaps in your plan that you have been wondering about? If we can exercise with your personnel, we will all be more ready.

Audience: Public Safety Representatives

Dates: 6 & 7 Oct 2010

Time: 1000 -1300

Capability Brief 1030

Static Displays 1115-1200

BBQ @ 1200
