Carson City, NV 89701

**Subject: Round Hill General Improvement District street rehabilitation and repair**

Dear Coordinator:

Pursuant to the Memorandum of Understanding (MOU) between our agencies, this is to notify you that the USDA Rural Development anticipates providing financial assistance for street rehabilitation and repair for Round Hill General Improvement District. The District proposes to remove and reconstruct Elk's Point Road from U.S. Highway 50 to the intersection with McFaul Way and complete reconstruction of approximately 1,550 feet of McFaul Way from the intersection with Elks Point Road (see attached map for project location). Round Hill General Improvement District is located to the East Northeast of Highway 50 at Zephyr Cove, Douglas County, Nevada.

Attached are maps and photos showing the location of the proposed project. USDA Rural Development has completed a site inspection of the area and determined that all ground in the proposed project is previously disturbed.

Unless the Clearinghouse Coordinator advises us otherwise, within 30 days of this notice, we will assume that the final Clearinghouse comments will not be forthcoming and, therefore, the State Clearinghouse responsibilities of USDA Rural Development will have been satisfied.

If you have questions or need additional information, please contact me at 775-887-1222, ext. 114.

Sincerely,

A handwritten signature in blue ink that reads "Lisa Garland". The signature is fluid and cursive, with a large loop at the end.

Lisa Garland  
Community Programs Specialist
