DEPARTMENT OF ADMINISTRATION
OFFICE OF THE DIRECTOR
BUDGET AND PLANNING DIVISION

To whom it may concern,

The Humboldt-Toiyabe National Forest would like to notify you of the planned sale of the administrative site we refer to as the Minden Warehouse and barracks, home to the Black Mountain Hotshots Crew. The authority to sell this .720 acre property is pursuant to the Forest Service Facility Realignment and Enhancement Act of 2005 (FSFREA). This site is located at 1228 Airport Road within T. 13N., R. 20E., Section 8, Mt. Diablo Meridian in the vicinity of the Minden Tahoe Regional Airport and Industrial Park (see attached map).

A new barracks facility is being co-located with the Bureau of Land Management at our Plymouth Road site just south of Carson City. The funds generated from the sale of this property will be used to construct a new warehouse for the Carson City Ranger District at the Plymouth Road site.

This notification is being done in part to fulfill the requirements of the National Environmental Policy Act and to allow the public an opportunity to comment on this proposal, which when completed, will result in the transfer of the administrative site and associated land into private ownership. In addition, we are required to notify Government Officials, including Congressional delegations, county and local officials and Tribal governments of administrative sales under FSFREA.

If you have any questions or concerns please notify me by April 29th so we may proceed with the sale of this property. Feel free to contact me at 775-882-2766.

Sincerely,

GENNY WILSON
District Ranger
