

PROJECT NEON

Project Neon Public Hearing

PURPOSE OF MEETING: Project Neon is the groundbreaking redesign of the I-15 corridor through the heart of Las Vegas. The Nevada Department of Transportation (NDOT) wants to give you a firsthand look at the plans for Phase 1, including proposed updates to the project and the expected construction timeline.

Wednesday, February 8, 2012
3:30-6:30 PM, presentation at 5:00 PM
Las Vegas Springs Preserve
333 S. Valley View Boulevard
Las Vegas, NV

WHY? Already the busiest stretch of I-15 in Nevada, the freeway system between Sahara Avenue and the Spaghetti Bowl will soon carry more than half a million vehicles each day. Phase 1 will help increase capacity, improve safety, accommodate express transit, and maximize local access in this corridor.

WHERE YOU COME IN: As final design for Phase 1 moves forward, input from the public is a key component in its success. You are invited to join us at this meeting where you can see displays of project plans, talk with project staff, and share comments. A court reporter will be available to take comments, or you may submit written comments by 5:00 p.m. on Friday, March 9, 2012 via email to info@dot.state.nv.us (reference Project Neon), FaceBook, or to Cole Mortensen, NDOT, 1263 S. Stewart Street, Carson City, NV, 89712.

REQUESTS FOR ASSISTANCE: Reasonable efforts will be made to assist and accommodate physically handicapped persons desiring to attend the meeting. Requests for auxiliary aids or services to assist individuals with disabilities or limited English proficiency should be made with as much advance notice as possible to Julie Maxey, Nevada Department of Transportation, Public Hearings Officer, at (775) 888-7171.
