Dear Permittee and Interested Public:

The Humboldt River Field Office would like your input to analyze, under the National Environmental Policy Act (NEPA), the re-issuance of grazing permit #2702136 to Bill and Ruth Moser. This permit would be for a period of ten years from 2012 to 2022, for the same use as previously authorized. The permit is on a three year pasture rotation system within the Pueblo Mountain allotment. The pasture schedules are as follows:

Pueblo Mountain	REST	06/01-06/22	06/01-06/22	100	258

This allotment is meeting the standards and guidelines as set by the Sierra Front-Northwestern Great Basin Resource Advisory Council. An allotment map may be attained by contacting the Winnemucca District Office by phone or by mail.

Please submit any comments you might have to the address above by April 25, 2012. Your input will assist us in completing the NEPA requirements.

Please contact Morgan Lawson at (775) 623-1565 if you have any questions.

Sincerely,

Michael Truden
