## **Public Notice**

### Categorical Exclusion DRINKING WATER STATE REVOLVING FUND LOAN

The Nevada Administrative Code (NAC) in Sections NAC 445A.6758 to 445A.67612, inclusive, outlines the environmental review procedures to be followed by the Division of Environmental Protection (NDEP) to meet the requirements of the National Environmental Policy Act (NEPA). In accordance with these procedures, NDEP has determined that the project described below is eligible for a Categorical Exclusion and may be exempted from further substantive environmental review requirements.

Project Name: Storage Tank Repairs & Preliminary Engineering Report

Project No.: #42 Year 2014 Priority List

Applicant: Esmeralda County for the Goldfield Utilities

Estimated Drinking Water State Revolving Fund Assistance: \$163,000

Goldfield Utilities serves the Town of Goldfield. This project involves the repair and recoating of the interior of the 200,000-gallon storage tank located on Utility-owned property and the preparation of a Preliminary Engineering Report on the existing system and proposed system improvements. NDEP has determined that the project is eligible for a categorical exclusion under NAC 445A.67583 (2) (a), rehabilitation of an existing facility, and may be exempted from further substantive environmental review requirements. The project is also eligible for a categorical exclusion under NAC 445A.67583 (2) (e) because there is sufficient evidence that a significant effect on the quality of the environment is unlikely since the repairs will be within the existing storage property.

Documentation to support this conclusion is available for public examination at the office of the Division of Environmental Protection, 901 S. Stewart St., Suite 4001, Carson City, Nevada.
