Subject: Environmental Impact Inquiry Request-*Wetlands*

Dear Mr. Drozdoff:

The Yerington Paiute Tribe and Housing Authority are proposing to undertake construction activities using federal funds from the U.S. Department of Housing and Urban Development to construct and install a natural gas line connection to three homes along East Loop and one home off Rosaschi Road. Two maps showing the locations of the project are enclosed for your consideration.

As part of the development process the Tribe is conducting an environmental review in accordance with the regulations in 24 CFR, Part 58. This letter is written to request your agency's review and comments regarding whether the planned construction and installation of a natural gas pipe line will have a significant impact on the environment and whether any mitigating actions are needed. Specifically, your agency should review any compliance issues within or adjacent to these locations described in the proposed attached maps provided.

Your timely consideration and written response to this inquiry is appreciated. If you have any questions, please contact my office.

Sincerely,  
YERINGTON PAIUTE TRIBE

  
Linda L. Howard  
Tribal Chairman
