PUBLIC MEETINGS TO DISCUSS POSSIBLE CONSERVATION PLANNING AND WORK ON THE HUMBOLDT RIVER WATERSHED SYSTEM.

The State Conservation Commission has announced it will be hosting two public meetings to receive public input on, and develop potential partnerships regarding, possible conservation work throughout the Humboldt River Watershed. The Commission has an opportunity to apply for a grant with Natural Resources Conservation Service (NRCS) to help in funding some of the planning and work. Discussions on the focus and objectives for the grant need to be made quickly since the application deadline is July 8, 2015. The Commission wants to be sure as many stakeholders and partners as possible can be heard from in the time available before the application deadline.
