RE: Yerington Water and Sewer System Improvements Project

Dear Mr. Canfield:

The City of Yerington is in the process of performing an environmental review pursuant to the National Environmental Policy Act for the USDA, Rural Utilities Service in order that it may assess the environmental impacts of water and sewer distribution system improvements in Yerington, Nevada. The project is being proposed to replace old water and sewer lines. Enclosed is a map that depicts the proposed projects area of potential effect for all construction activities.

Please distribute this information to any entity that might have an interest in the project. All responses/recommendations will be used to complete the USDA environmental assessment.

We would appreciate a response within 30 days. If you need further information or wish to discuss the project, please contact Dan Sommers of Farr West Engineering at 775-851-4788.

Sincerely,

Dan Sommers
Farr West Engineering
