CATEGORICAL EXCLUSION CLEAN WATER STATE REVOLVING FUND LOAN

The Nevada Administrative Code (NAC) in Sections NAC 445A.742 to 445A.762, inclusive, outlines the environmental review procedures to be followed by the Division of Environmental Protection (NDEP) to meet the requirements of the National Environmental Policy Act (NEPA). This project will utilize funds from the Clean Water State Revolving Loan Fund.

Project Name: Sanitary sewer collection system rehabilitation

Project No.: 28 - Year 2018 Clean Water Priority List

Applicant: City of North Las Vegas

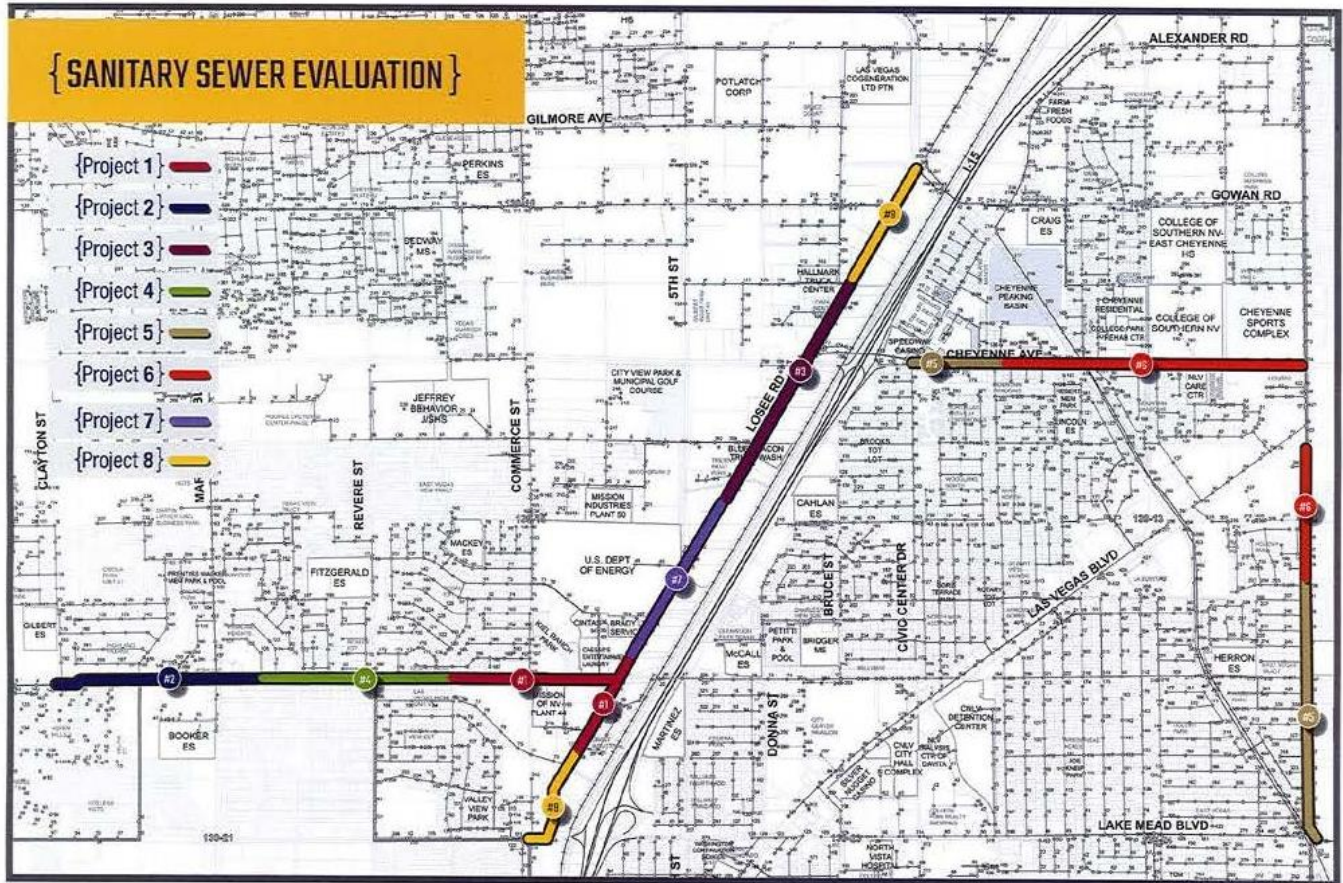

Clean Water State Revolving Fund Assistance: \$10,000,000

The project includes rehabilitation of approximately 38,337 linear feet of deteriorating concrete sanitary sewer pipe ranging in size from 15-inch to 33-inch on Losee Road, Carey Avenue, Cheyenne Avenue, and Pecos Road. Rehabilitation will involve point repairs, bypass pumping, inserting a lining in the pipe, and manhole rehabilitation.

No wetlands, floodplains, agricultural lands, or significant fish or wildlife species or habitat are affected by the project. No national landmarks or property with nationally significant historic, architectural, prehistoric, archeological, or cultural value will be affected by the project. NDEP has determined that the project is eligible for a categorical exclusion under NAC 445A.744 (2) (a) – rehabilitation of existing facilities and may be exempted from further substantive environmental review requirements.

Consultation with appropriate crosscutting agencies will be completed prior to signing a final commitment of financial assistance. Best management practices will be utilized during construction. Documentation supporting these conclusions is available for public examination at the office of the Division of Environmental Protection, 901 S. Stewart St., Suite 4001, Carson City, Nevada.
