JUN 16 2020

Dear Interested Public,

The Bureau of Land Management (BLM) Tonopah Field Office has prepared an Environmental Assessment (EA) to analyze the proposed Crown Exploration Plan of Operations (EPO), located about four miles southeast of the town of Beatty, in Nye County, Nevada.

Coeur Sterling, Inc. (Coeur) proposes to conduct phased exploration activities and surface disturbing activities for data collection to assess mineral development potential within a 3,121-acre Project Area, that would create up to approximately 290 acres of new surface disturbance for a total Project-related disturbance of approximately 300 acres.

The EA can be viewed on the BLM NEPA Register website at: <https://go.usa.gov/xwEJj>. Written comments will be accepted until July 16, 2020 and can be submitted online at the NEPA Register site; mailed to BLM Tonopah Field Office, P.O. Box 911, Tonopah NV 89049; or emailed to: BLM_NV_BMDO_TFO_NonRenewable@blm.gov.

Before including your address, phone number, email or other personal identifying information (PII) in your comment, you should be aware that your entire comment – including your PII – may be made publicly available at any time. While you can ask us in your comment to withhold your PII from public review, we cannot guarantee that we will be able to do so.

If you have questions you may contact Jess Harvey, Public Affairs Specialist for the Battle Mountain District at (775) 635-4054.

Sincerely,

Perry B. Wickham
Field Manager
